

# AFTER SUFFERING ONE YEAR

**Cured by Lydia E. Pinkham's Vegetable Compound**

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them that Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. Emma Lusk, 483 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

# Western Fire District Extension

Voted at Tuesday Evening's Special Meeting—Jonathan N. Wood's Sudden Death—Canvassers for Visiting Nurse Association Named—Carlton Snyder of North Stonington Held in \$500 Bonds.

The town council of South Kingston has leased for five years, at one dollar an acre, five acres in Salt Pond area of Strawberry Island, to be used for conducting experiments in shellfish, and to be turned over to the United States government whenever a fish culture station may be located there. A number of experts are to be associated in the work, and one purpose is to seek to grow clams in the pond. The lease was granted to Capt. H. M. Knowles and J. E. Clauson. The same persons were also granted a lease of seventeen acres of oyster grounds at the regular rates.

The awards of the January contest of the School Arts guild have just been announced, and Walter Rhodes, fourth grade, Quarry Hill school, is the only prize winner from Western. Although heretofore several of the awards came to Western pupils. The first prize went to Marie Lantz of Westville, Ohio. Honorable mention was also given to Walter Rhodes and to Frank Morozoni, Antonio Panfili, Ada Fazio, Abbie Frazier and Patsy Watz of Western and William Wood of Avondale.

The ways and means committee of the Western Visiting Nurse association has decided upon a house to house canvass for funds to carry out the proposed work. Western and Pawcatuck have been divided into seven districts and ladies and gentlemen appointed to have charge of the canvass and select assistants. In Pawcatuck Mrs. William A. Hillard will have charge of the district north of Broad street and Miss Katherine Frankenstein south of Broad street.

In Western's five districts, Harvey Perry will have the section west of Elm street and south of Broad street, Mrs. Arthur M. Cottrell, section east of Elm street and south of Broad street, Miss Emma Langworthy the section bounded south by Granite street, west by Grove street and High street and north by the railroad, Henry L. Burdick the business section from Union street and the railroad bridge in Pawcatuck to the railroad on the north on the Rhode Island side and on the east by High street and Grove avenue, George J. Burdick the section bounded by the railroad tracks to White Rock. The visitations will soon begin and all will be invited to become members of the association.

Carlton Snyder of North Stonington was arrested for intoxication in Canal street Monday night, and placed in a cell in the police station. During the night he tried to pry his way out of the cell, but only succeeded in damaging the rough furniture. In the morning he was arraigned in the Third district court, charged with drunkenness and also with maliciously injuring the property of the town of Western. Sentence was suspended on the first count, to which he pleaded guilty. He entered a plea of not guilty to the second charge and was held for trial at the regular term of court Friday. Bonds were fixed at \$500, which Snyder could not furnish and he was taken to the Washington county jail.

There was a special meeting of the Western fire district Tuesday evening for the purpose of acting upon a committee report relative to the enlarging of the first district, appointed at the annual meeting. Chief Engineer Samuel G. Cottrell was chairman of the committee and John J. Carney clerk. Mr. Carney reported that the committee, which included a majority signed petition which had been circulated by Chief Cottrell. The petition for enlargement represented 70 per cent of the property holders in the new district, and the total valuation of property is estimated at \$400,000. Mr. Carney said the proposed changes in the district limits, the committee was composed of Samuel G. Cottrell, John J. Carney, Charles A. Morgan, Frank W. Coy and Thomas McKenzie.

The report was accepted on motion of ex-Gov. George H. Utter and ordered on file. Everett E. Whipple moved that the resolution of the committee authorizing the enlargement of the district be adopted. After discussion by Governor Utter, Dr. M. H. Scanlon, Chief Cottrell, John J. Carney, Dr. Scanlon asked how much of an increase if any would be entailed by the enlargement. Chief Cottrell was of opinion that the expenses would be decreased. That about 15 additional hydrants would be required, and these are furnished by the water department. Everett E. Whipple thought that with the addition the tax could be reduced from 20 to 15 cents on each \$100. The vote authorizing the enlargement of the district was adopted and included application to the legislature for change in charter.

On motion of Governor Utter the committee to urge the action that will result in favorable legislative action. Walter E. Wheeler, chairman of the committee on revision of the charter, reported in favor of changing the date of annual meeting from the first Monday in November to the first Monday in December. Chief Cottrell said the change was desired so that the annual meeting would be removed from election day.

The changes in by-laws require that insignia be on badge and coats instead of on the hats; that no fire brands be carried in the streets; that no accumulation of combustibles be permitted in any buildings, and that the engineer have authority to enter buildings for inspection; a change in giving notice

of meetings, by posting and publication in newspapers. The amendment also included the bonding of the treasurer and collector, the amount of bonds to be determined in annual meeting; that a committee of three be appointed to examine stoves, fireplaces and chimneys, with authority to prosecute all who do not comply with orders for change for public safety, the penalty being a fine of \$10 for failure to comply.

On motion of Dr. Scanlon the report of the committee was received, ordered on file and committee discharged. On motion of Governor Utter, the Western fire district was instructed to secure legislative action changing the date of annual meeting to the first Wednesday in December.

Dr. Scanlon made motion that the change in reference to bonds for treasurer and collector be adopted, which was carried. On motion of Everett E. Whipple all the other recommendations were adopted.

The new fire district, as recommended for legislative action, by the amendment to the charter of the fire district is, in the main, as follows: Commencing at the town side of the boundary line in the Pawcatuck river opposite the north line of the Frederick Brucker place in Canal street; thence in an easterly direction to a point in the west line of Pond street, 150 feet northwesterly from the north line of Pierce street; thence easterly to a point on the west line of Pierce street 400 feet northerly from the north line of Pierce street; thence in an easterly direction to a point 200 feet easterly of the east line of Pearl street. Thence in a southerly direction to a point on the property line between the Smith Granite company and the New England Granite works; thence southerly to the northeast corner of a proposed school property; thence southerly by and with the west line of this proposed street to a point in line with the Quarry Hill schoolhouse; thence westerly by and with the north line of the schoolhouse property to Franklin street; thence westerly across Franklin street and East avenue to the north line of the Alice McGrath property; thence westerly by and with the north line of the McGrath property to the east line of Fairview park; thence northerly with the east line of the park to the northeast corner thereof.

Thence running westerly by and with the north line of Fairview park and a continuation of the line 200 feet south of the south line of John street to a point 200 feet east of the west line of Beach street; thence running in a southerly direction parallel with and 200 feet east of the east line of Beach street to the south line of the River Bend Cemetery company; thence running westerly by and with the south line of the cemetery to Beach street; thence in a continuation of the line to a point 200 feet west of the west line of Beach street to a point 200 feet south of the south line of Rock street.

Thence westerly parallel with and 200 feet southerly of the south line of Rock street to the Pawcatuck river and the town and state boundary line; thence running northerly by and with the boundary line to the point of beginning.

Gen. Herbert S. Tanner, brigade commander, Rhode Island National guard, has sent to the governor request for leave of absence for sixty days, or during the regular inspection period of his command. The reasons assigned for this leave are given as ill health and need of rest.

It is thought, however, by many gentlemen that the attitude of Captain Grant, the regular army officer, at the inspections already held, in practically ignoring General Tanner, may be an explanation. Under the Dick military law there is no provision for a state brigade or for such an officer as a brigadier general, and the absence of this recognition has probably had its effect upon General Tanner. The office has been abolished in Connecticut and several other states.

Jonathan Nicholas Wood, a former resident of Western and a member of the Broad Street Christian church, and who has occasionally lived for short periods in Providence, died suddenly Monday at his home in Gilead, Conn., in his 87th year. He left Providence, after a winter's city residence, a week ago Sunday to enter his home in Gilead.

He was a native of West Greenwich.

## Cure of Lamps.

The bowl of the lamp should be kept full of oil, but when not in use the wick should be turned low to keep the oil from oozing out on the burner. The burner should be cleaned occasionally by boiling them for half an hour in a strong solution of Gold Dust washing powder. Wipe on a cloth and they will be as good as new. To clean the chimneys, wash them in warm water to which has been added a teaspoonful of Gold Dust washing powder and wipe dry on a soft towel; polish with an old newspaper. Lamp chimneys are made more durable if they are put into a pan of cold water and allowed to heat gradually till the water is boiling and left in the water until cold again.

# To the Public:

Since the disastrous fire which destroyed the Shannon Building, of which we were tenants February 9th, we have been constantly endeavoring to gather together a new stock which would fittingly compare with what we have always shown.

We believe we have succeeded, and on SATURDAY, MARCH 13th, we will open a NEW STORE with a FRESH, CRISP, NEW STOCK of HIGH GRADE MEN'S WEAR at 101 Main Street, next door to the Western Union Telegraph Office, where we hope to merit a fair share of your patronage.

We cannot believe that because of an unavoidable change of location the conscientious efforts of fifteen years to build a business on the better class of merchandise can all be wasted through the misfortunes of one night.
